Fellowes®

*Contract Interior
Solutions for Public Sector*

Unleash WorkLife Potential

For over 105 years, Fellowes has evolved alongside WorkLife itself – creating the tools, systems, and environments that put you back at the center of your work.

Fellowes has been providing federal agencies, state and local government, higher education and non-profit organizations with the tools to create high performance work environments for over 30 years.

Known for our award-winning customer service and high quality products, we make it easy for the public sector to get what they need to improve ergonomics and support technology through all areas of the workspace. Fellowes stands ready to help facilitate contracting objectives for your projects quickly and efficiently.

Sustainable Innovation

Fellowes is committed to building a better and more sustainable world around us, and we encourage all employees to participate in this venture. We are proud to be recognized for being good stewards of the earth, treating our people well, and abiding by local, regional, and global regulations.

Fellowes Brands Design for the Environment framework is focused on:

- Designing for the circular economy
- Responsible material sourcing
- Optimising recycled content and recyclability of product and packaging
- Carbon emission reduction

We are committed to achieving and maintaining appropriate sustainable product certifications:

Modular Walls

Volo™

Volo™ creates spaces with a range of visual and acoustic privacy to suit a spectrum of needs, from complete enclosure to total transparency, including quiet zones that rival drywall.

With its unitized, modular construction and extensive design options, Volo™ offers a fast, flexible and sustainable approach to interior architectural space planning.

TrendWall™

Unitized, modular panel construction makes TrendWall™ simple to plan and install. Choose from solid, glazed and partially glazed panels, and a full range of door and hardware options.

TrendWall™'s installation is fast, clean, and simple. Power and data routing and access is a snap. Later, if needs change, the layout can be rapidly reconfigured for continued years of service.
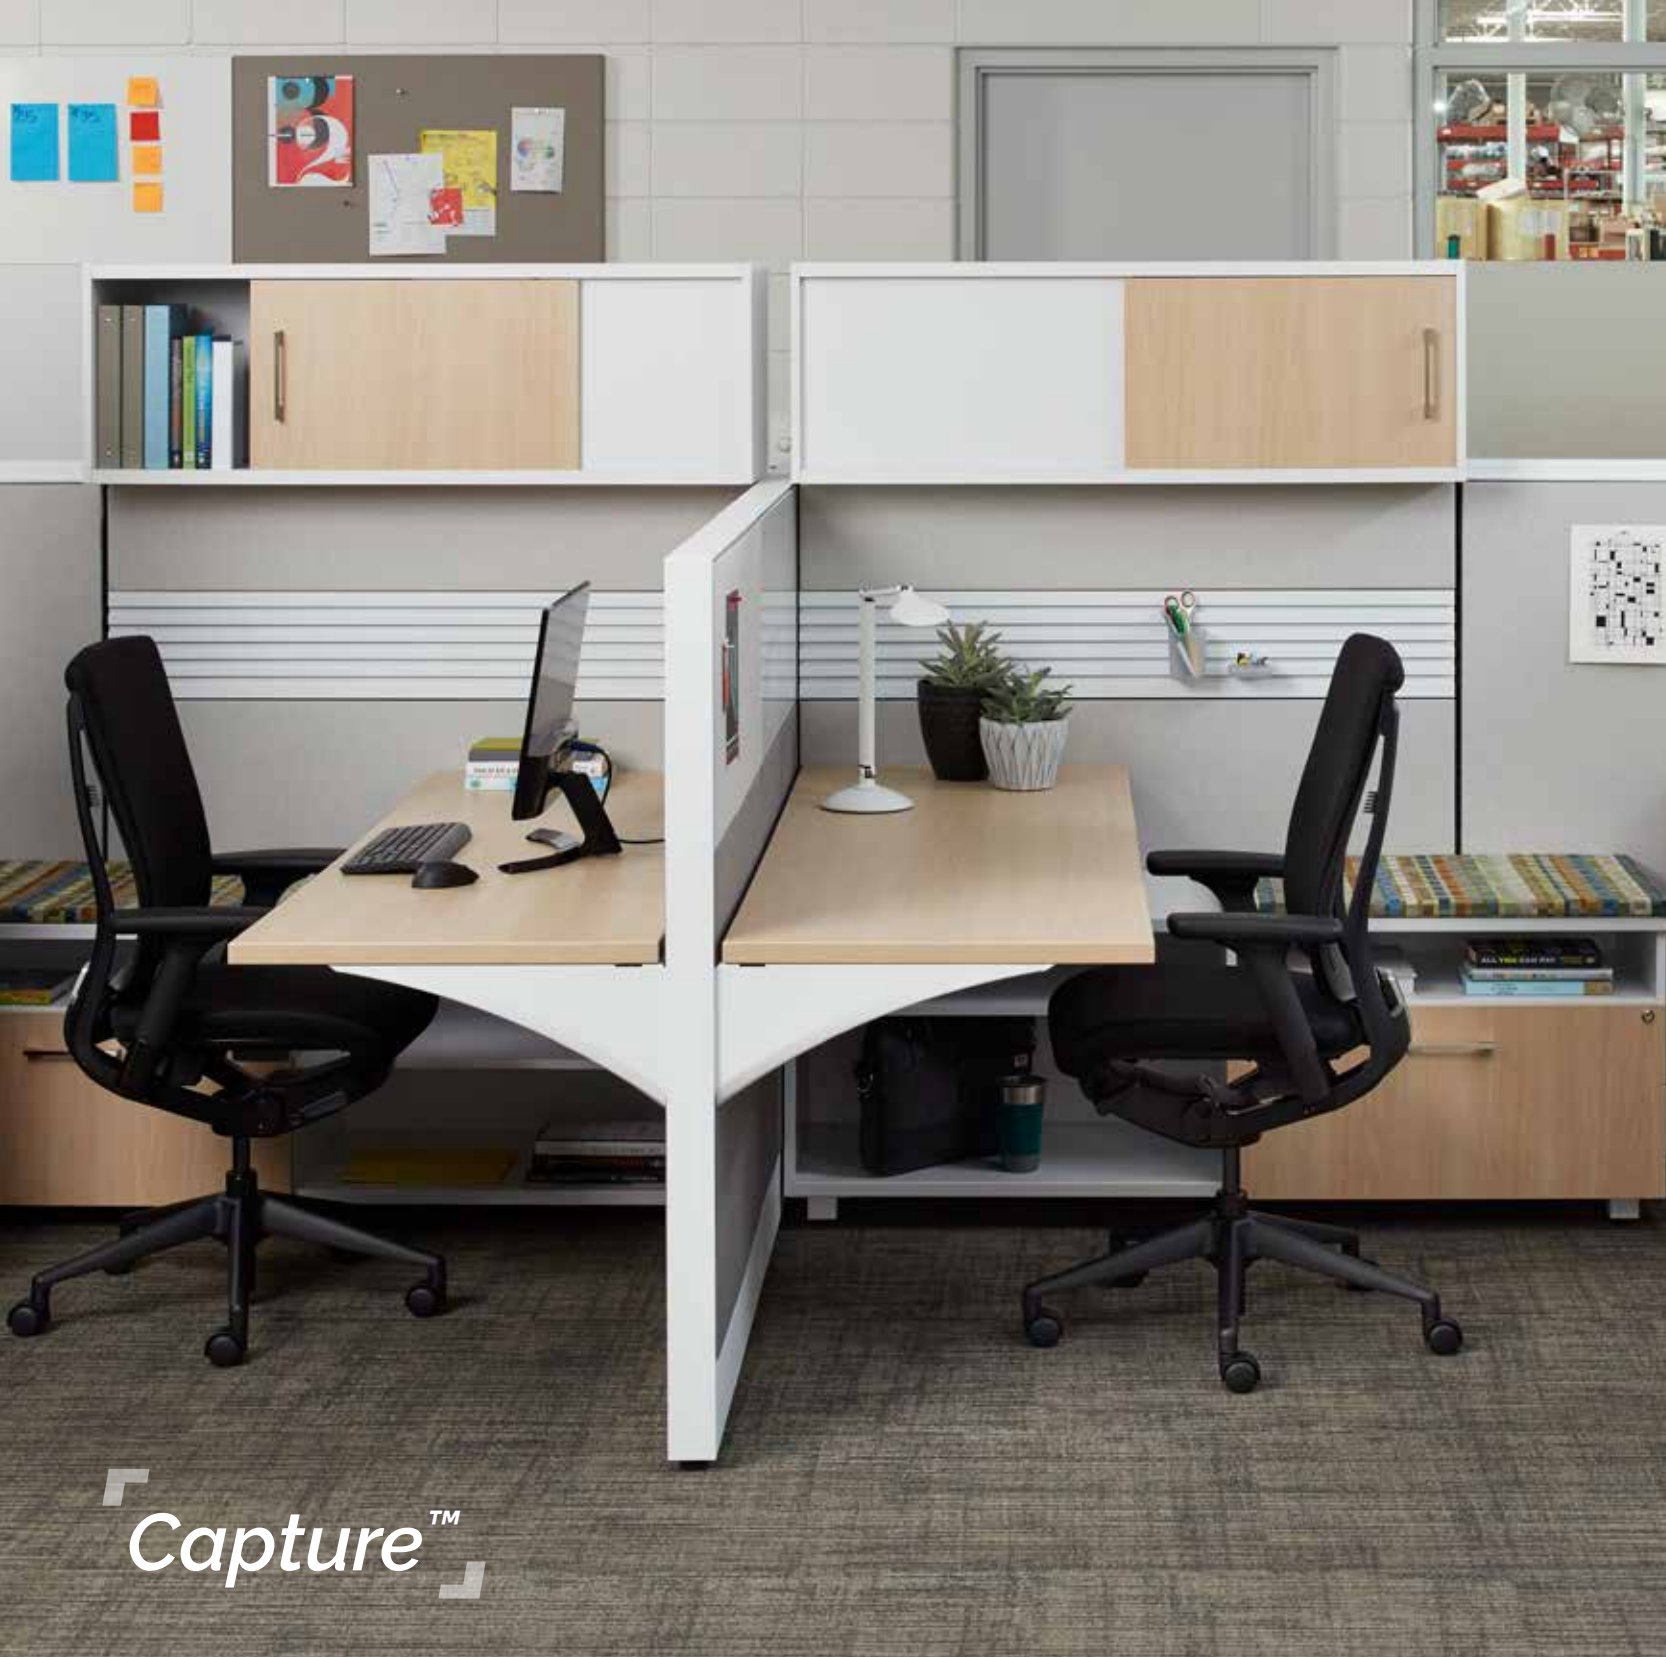

GSA Schedule

Collections

Capture™

Capture™ lets you create a range of spaces — for both collaboration and concentration. And when your needs change, reconfigure Capture™ quickly and easily.

Capture™'s generous range of design options and details lets you create solutions to support every user's requirements and work style. Details like Slatwall Work Tools to keep your desktop clear. Smart options like Marker Board Tiles and Top-Mounted, Dual-Side Storage do double duty to make the most of your space.

GSA Schedule

Choices™ makes it simple to create unique, inspiring and highly functional spaces. The slim 2" system panel is constructed from welded steel and shipped fully assembled, making it one of the easiest to specify and install system on the market.

GSA Schedule

Choices™

Trig™'s clean, modern design and slim profile are as much at home in an executive office as in a touchdown area. The full array of shapes, sizes and functions handle everything from desking to filing paper to stowing gear.

GSA Schedule

Intrinsic™

Intrinsic™ makes it simple to create a welcoming place to work — without breaking the budget. The collection offers classic appeal and a user-friendly approach to workplace design.

GSA Schedule

Trig™

Pack™

Pack™ Filing and Storage is simple and modular. It's easy to specify, install and reconfigure. Elements combine to support the full range of work styles and requirements.

GSA Schedule

Tables

The smart shapes and sizes of our training tables will let you create the configurations you need, Flip/nest models provide one-handed operation and space-saving storage.
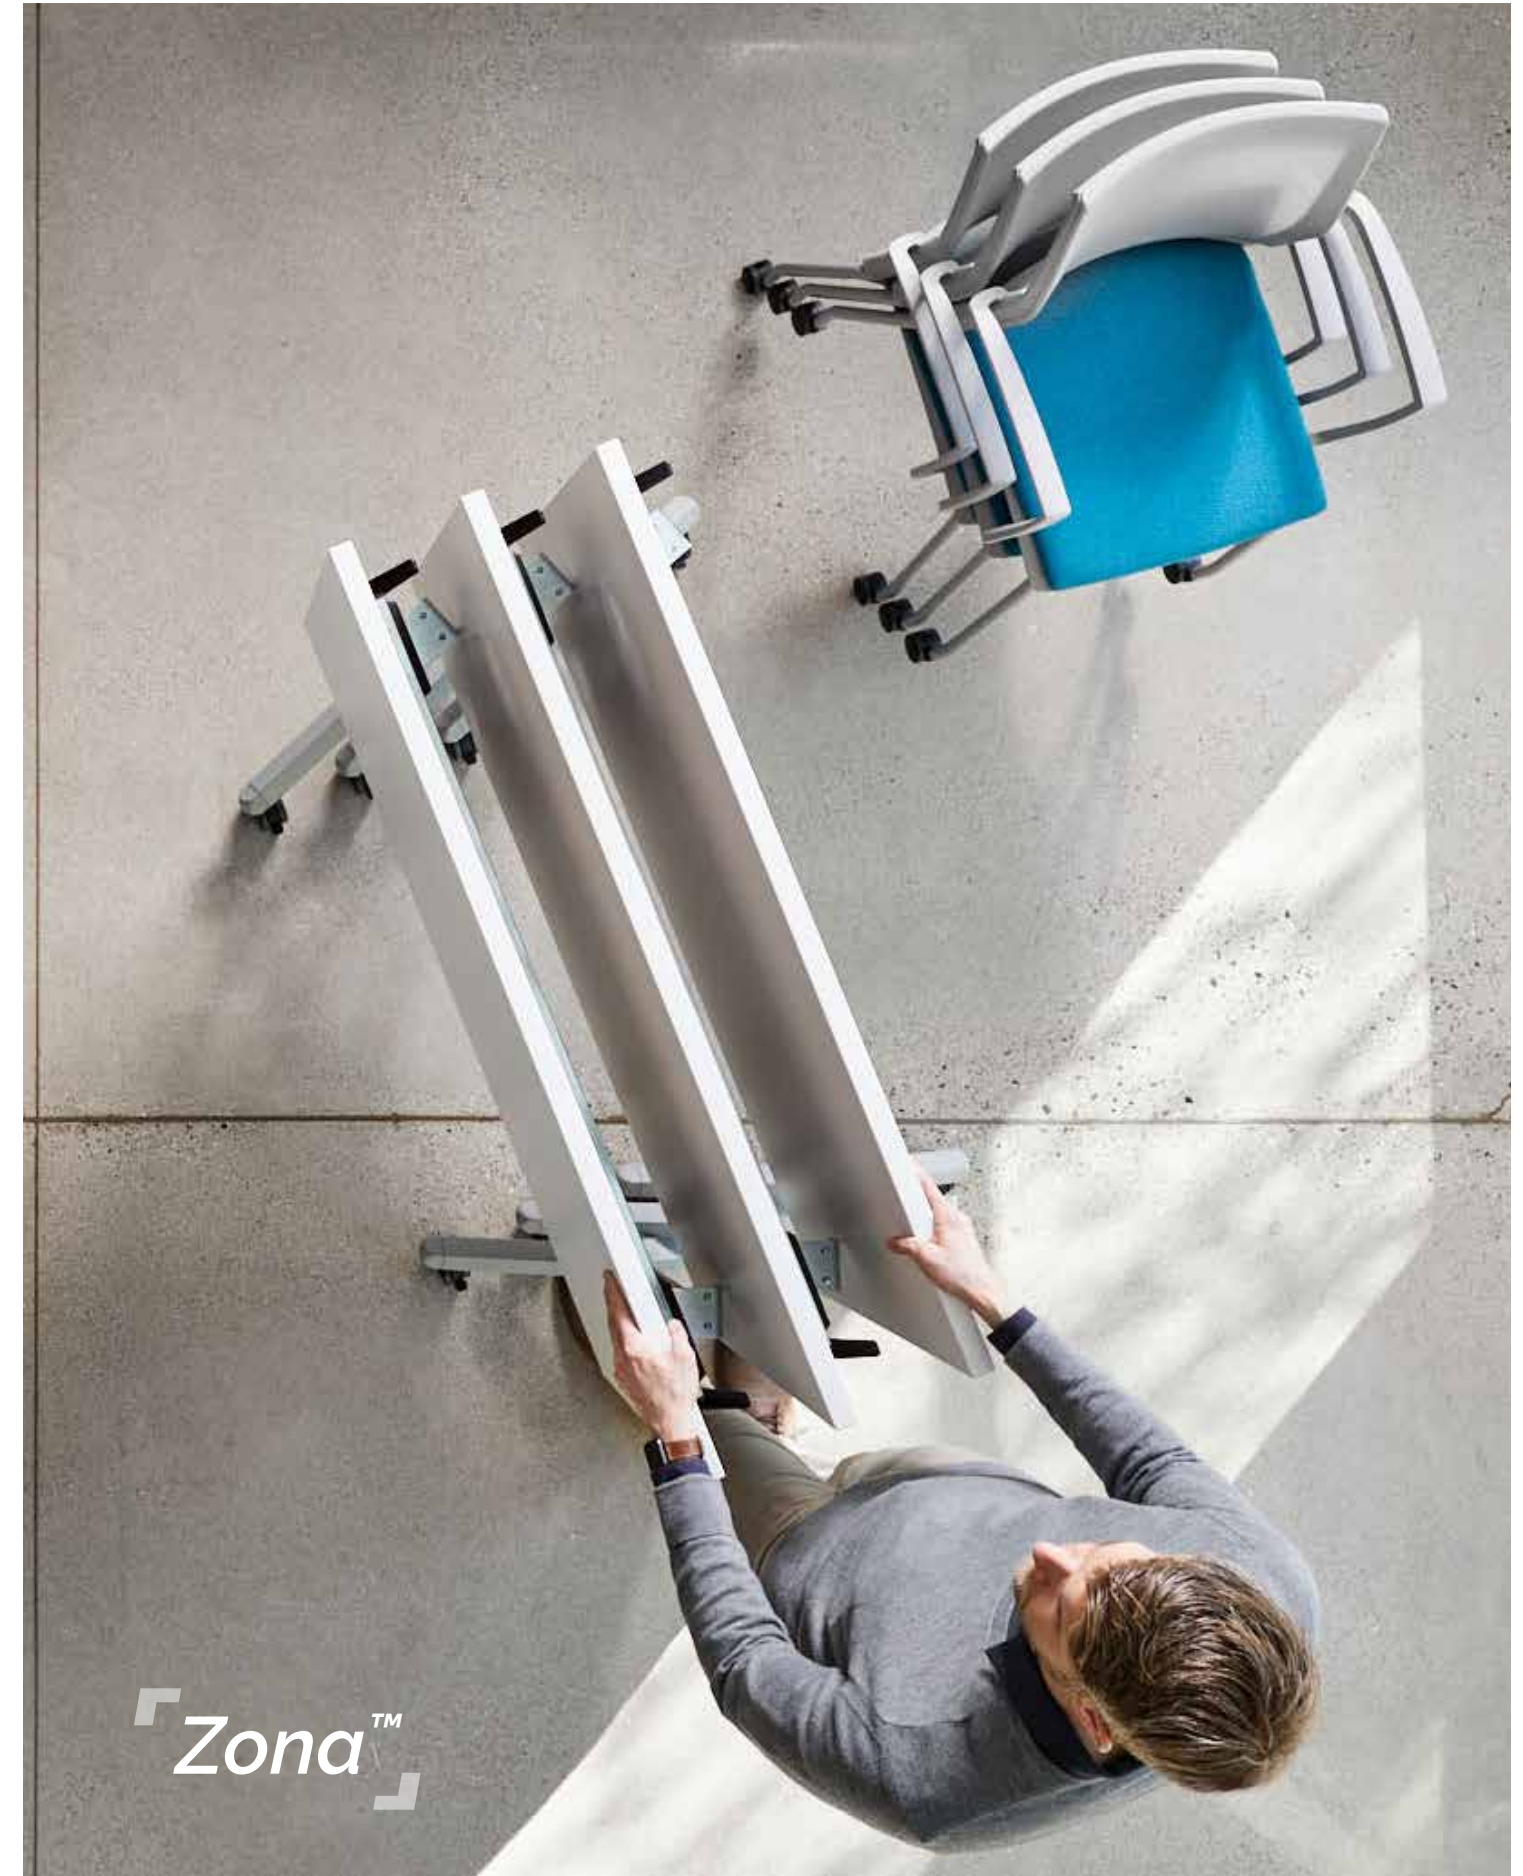

Enhance team social spaces with collaborative tables.

A conference table offers a practical platform for casual meetings. Featuring a full selection of finish colors, five base styles and technology support options.

Zona™

Motific™

Motific™ Series Height Adjustable Tables offer users multiple options to customize the portable tech table to meet their workspace needs. Offering an adjustable option, a variety of finishes, and two top shapes, it can be tailored to work in any dynamic space.

Centro™

This screen offers the versatility of either a privacy or modesty application. Made from recycled water bottles, this value engineered screen has both a tackable and sound absorbent surface.

Height Adjustable Tables

Trada™

Our All-Flex™ and Trada™ tables can be used for any environment, offering you flexibility in your office layouts and workflow; options include two or three-leg configurations.

All-Flex™
