# Markerboard ID™

*Custom Color & Design Program*

## ***Make your Mark***

With Fellowes Markerboard ID™ Custom Color and Design Program, you can create unique and purposeful markerboards that engage the workspace. Choose striking material colors, add your own graphics to create personalized and functional markerboards that inspire your people to make their mark.

### Process

To get started, contact your Fellowes sales rep. Our team will work with you on customization choices, logos, quantities, and timing.

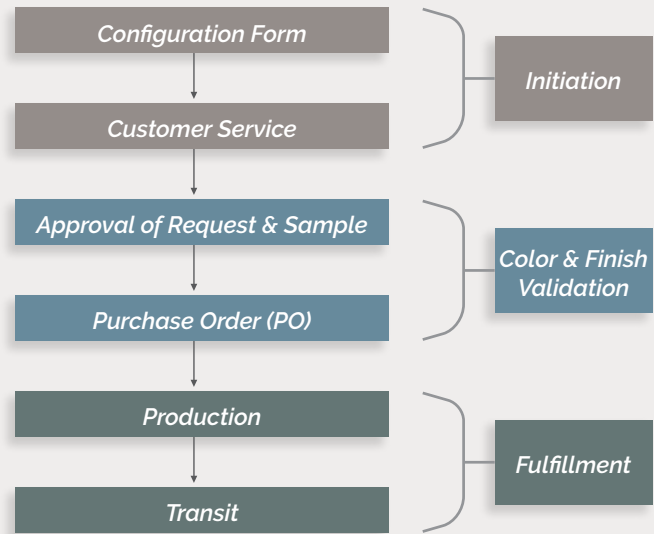

### Timeline

Once the custom design is approved and we have received a clean Purchase Order, lead time will be approximately 6-8 weeks.

A Fellowes customer service contact will be assigned to communicate with directly throughout this process.

A Project Dashboard outline will also be provided so expectations and delivery dates are clearly communicated.

This Process Flow Chart outlines each step that is necessary for successful completion.

### How it Works

Fellowes direct-to-glass printing is the latest, state-of-the art technology. We can easily print your vibrant images, graphics, and charts directly onto our mobile and select glass markerboards, ensuring long-lasting, fade-free results. No minimum quantities required.

Contact a Fellowes® customer service representative for current pricing at 800-833-3746.
